Letter of thanks for the field visits of the sewer mining and water harvesting facilities

Dear Mr Vaisman,

This letter references to the recent field visit of our Engineering students to the Sewer Mining and Water harvesting facilities at MCG and Tennis Centre respectively.

On behalf of the Faculty of Science and Technology, Federation University Australia, I wish to thank you and your colleagues for taking time to organise this. A special thanks also from my colleagues Dr Harpreet S Kandra and Dr Tanveer Choudhury for your effort and time in organising this very interactive field visit. I am sure that this will help students relate their studies with practice.

We keenly look forward to similar interactive opportunities in future.

Thanks and best regards.

Yours sincerely,

Dr Shyh Wei Teng

Deputy Head
School of Engineering & Information Technology
